

SPRING 2002
ROBERTS, CHRIS
RESEARCH/MASS COMM

32 STUDENTS

1. Roberts is a really cool guy. He's Christian and that's refreshing; I totally respect that and it even influenced the vibe in the class. The tongue-in-cheek hipness was cool, too.
2. Very good, professional teacher. Respects students and values their learning. Very challenging as well.
3. Made boring material alot (sic) more interesting.
4. I thought course was great. Couldn't have imagined it being better. Thanks.
5. Very good professor. Only 8:00 am class I didn't mind coming to.
6. He makes the class interesting even though the subject matter and the time may be kind of bad. He's always prepared and has a personable manner. I think that if I had taken this class with another professor that I would not be doing nearly as well as I am now. Thanks Mr. Roberts!
7. Fun Professor. Good environment for learning. Combines pop culture with teachings-excellent combo. Caring, good man!
8. True/False tests don't give a true evaluation of a student's knowledge.
9. Even though this subject matter is extremely boring, prof. Roberts does everything in his power to make it interesting & fun. He is a great teacher! USC should consider asking him to teach more classes. If USC had more teachers like him, who honestly cares for students & tried to make learning fun then we would have more positive classroom atmosphere. Teachers like Prof. Roberts puts teachers like [REDACTED] to shame! We need more like him! Out w/ the old in w/ the new!
10. Prof. Roberts knows his material, keeps the tone light yet serious, & makes sure we're learning something. I recommend him highly as an instructor.
11. He is a very concerned, knowledgeable and driven professor! He genuinely cares about the students learning and grasping the material. He is always very prepared and always goes the extra mile to bring real-life examples of what the lecture material is. He makes learning exciting & is a competent, kind & hard working proffesor (sic). He is excellent! Thanks.
